INTERESTED IN LEARNING MORE ABOUT BWXT NUCLEAR ENERGY CANADA? APPLY TO JOIN OUR COMMUNITY LIAISON COMMITTEE

Local citizens and community organizations are invited to apply to the BWXT Nuclear Energy Canada (BWXT NEC) Community Liaison Committee (CLC).

The CLC was established in 2013 and its purpose is to create a forum for the exchange of information between BWXT NEC and members of the community who reside near the BWXT NEC facility at 1025 Lansdowne Avenue, Toronto.

Applicants may apply as a representative of a local community organization or as a citizen at large. The application forms are available online at nec.bwxt.com or can be emailed by contacting questions@bwxt.com. The deadline to apply is December 10, 2017.

The Committee meets four times a year and meetings are held in the evening during the week. New members will

also be invited to attend an orientation session. Members can bring forward questions, discuss concerns and identify opportunities to improve community relations.

NOTICE OF PUBLIC MEETING

BWXT Nuclear Energy Canada (BWXT NEC) will participate in a public meeting held by the Canadian Nuclear Safety Commission (CNSC) on December 13, 2017 in Ottawa, ON.

CNSC staff will present its Regulatory Oversight Report for BWXT NEC's Class 1B Nuclear Fuel Facility Operating Licence. The Report will be available after October 13, 2017 and can be requested by contacting the CNSC Secretariat at cnscc.interventions.ccsn@canada.ca.

Members of the public are invited to submit comments on the report in writing by November 13, 2017.

More information can be found on the CNSC's website at nuclearsafety.gc.ca.

MEET MARIBEL CONTRERAS

I'm Maribel Contreras and I joined BWXT Nuclear Energy Canada's (BWXT NEC) Toronto team in May, 2017.

I am a Health and Safety Specialist on the Environmental, Health & Safety (EHS) team. I hold a degree in Political Sciences and a Masters Degree in Political Campaigns Marketing and am currently completing a post-graduate Health and Safety Certification program at Ryerson University.

My goal was to work for a company that places the highest priority on health and safety, and BWXT NEC is that company. With four full-time EHS staff in Toronto, plus access to other dedicated health and safety professionals across the business, I am part of a team that takes great pride in protecting the health and safety of employees, members of the public and the environment.

If you have questions about BWXT NEC please feel free to email us at questions@bwxt.com or call us at 1.855.696.9588.

OUR PUBLIC INFORMATION PROGRAM

BWXT Nuclear Energy Canada (BWXT NEC) is committed to connecting with the communities in which it operates and that means getting the answers to your questions. Here are some of the ways we are sharing information about our operations:

- Providing easy access to get your questions answered or to share your feedback — call us at 1.855.696.9588 or email us at questions@bwxt.com;
- Distributing community newsletters to share updates on our activities and operations;
- Providing facility tours to approved groups and elected officials;
- Hosting an annual barbeque; and
- Engaging with local residents through the Community Liaison Committee.

Thank you for coming to our 2017 community barbeque!

An estimated 150 community members came out to the 3rd annual BWXT Nuclear Energy Canada (BWXT NEC) community barbeque on June 22.

Guests enjoyed free barbeque fare such as hamburgers and hotdogs, and could speak with leaders from BWXT and/or a representative of the CNSC. Large posters provided visuals and information about BWXT NEC's history, highly skilled workforce, engineering and manufacturing capabilities, track record of safety and regulatory compliance, public information program and facts about natural uranium.
